

Nudgee Beach Environmental Education Centre

Corner of Nudgee Rd and Chasley St
Nudgee Beach 4016

recommended parking areas

Suggested parent parking

Further information regarding parking can be obtained from the Council website at www.brisbane.qld.gov.au or by contacting the Council on 34038888

Recommended bus drop off area

The centre cannot dictate to drivers where to park and drivers must make judgements based on their experience and the Law. The above guide is designed to assist schools so that parents and buses can all park safely. The centre's main concern is that students can move from buses to the centre grounds safely. Parking within the centre grounds is reserved for authorised staff only. This will minimise vehicle movements while students are on centre grounds. As Council can issue on the spot fines for vehicles parked on the nature strip please park on the side of the road that has the curb and channelling.

We trust this may help you manage your centre visit.

Thank you

Nudgee Beach EEC Team
